# VFU 500

## FEATURES

Safe removal of all substances (dirty coolants, grinding swarfs and chips), using sufficient suction to minimize duration of cleaning:

- 500L holding capacity
- Filtration of the liquid
- High pressure cleaning function
- Easy to operate with full mobility
- Forklift accessibility

## SPECIFICATIONS

VFU 500	VALUE
Main Tank Capacity (L)	500
Approx. Length (mm)	2120
Approx. Width (mm)	750
Approx. Height (mm)	1550
Weight (kg)	380
Suction Capacity (L/min)	250
Temperature (C)	< 50
pH-Value	6 - 10
Electrical Connection	400 VAC, 50 Hz
